

5th IIR Conference on Sustainability and the Cold Chain

April 6-8, 2018 Beijing, China

ICCC2018 Second Announcement

The ICCC conference has been held since 2010 in France, the UK, and New Zealand and has grown into a medium-sized biennial conference attracting an average attendance of 180 conference delegates. It is recognized worldwide as a cutting-edge event on the cold chain addressing the ever-increasing demand for knowledge-sharing in this essential sector.

ICCC2018 will spotlight cold chain and sustainability in refrigeration, air conditioning and heat pumps. The conference will welcome an international audience of researchers and industrialists, bringing together all cold chain stakeholders. Among topics covered will be food, pharmaceuticals and other applications to explore the latest developments and key technology trends.
